DAILY POTATO REPORT NO. 25

Wisconsin Department of  
Agriculture & Markets  
Waupaca, Wisconsin  
Wednesday, Sept. 29, 1943

## REVISED POTATO CEILING REGULATIONS

Amendment 7 to revised MPR 271 released today effective October 1, continues with some modification the present ceiling regulation on potatoes. Maximum fob prices US#1 potatoes for October in important producing sections are as follows: WISCONSIN 2.20; Minnesota Red River Valley 2.05 rest of state 2.20; North Dakota Bowman, Golden Valley, Billings, McKenzie, Williams divide counties 2.25 rest of state 2.05; South Dakota 2.15; Nebraska 2.25; Michigan 2.35; Idaho, Idaho county and northward 2.25 rest of state 2.15; Colorado San Luis Valley and Greeley 2.15 Western Slope 2.10; Washington 2.25; Oregon Malheur County 2.15, Curry, Jackson, Josephine, Klamath, Lake Harney Counties 2.30, rest of state 2.25; California, Modoc and Siskiyou Counties 2.30; rest of state 2.50; Maine 2.15; New York Long Island 2.50, rest of state 2.40; New Jersey 2.50. Prices advance 10¢ per month through December. Differentials for certain sizes, grades, packages and types of pack have been modified in many instances. New manifest provision requires shipper of potatoes or onions to display in freight car or truck manifest showing shipping point, quantity, grade and type, selling price, name and address of owner, shipper and person to whom shipped. Copy of manifest to be retained by shipper.

## CEILING PRICES FOR SAUERKRAUT

OPA and WFA September 28, jointly announced ceiling prices for sauerkraut, will be based on average prices that packers actually pay for cabbage, up to maximum of 22.00 a ton. Nearly 3½ million cases (Basis No. 2 cans) of kraut are needed for military requirements. Basis for new ceilings is to meet emergency situation to permit packers to pay, if necessary, an amount over 12.00 a ton support price for contracted as well as open market cabbage. Growers should not interpret this as increase in present support price for cabbage for kraut or that WFA will support cabbage at higher than 12.00 a ton, nor does this indicate what support price may be next year.
